

About us

THE JOONZE PASSION

Joonze is created by a group of travel and technology enthusiasts who shared a passion for exploring new destinations, experiencing different cultures, and discovering hidden gems around the world. We were constantly looking for ways to enhance travel experiences, and noticed a gap in the market when it came to connecting travelers with hotels and brands that aligned with their interests and preferences.

So, we decided to create a technology platform that would revolutionize the travel industry. We spent months researching, designing, and developing a platform that would connect hotels and brands with travelers who shared similar interests and values. We want to create a community of like-minded travelers, hotels and brands who could exchange loyalty, behavior, recommendations, reviews while also connecting with brands that aligned with their values.

We partner with hotels and brands around the world, ensuring that there is something for everyone, no matter where they want to go or what they were interested in.

We have worked closely with hotels and brands to ensure that we are providing the best possible experience.

Thanks to the hard work and dedication, our team of travel enthusiasts invites you to join the Joonze platform that not only connects travelers with hotels and brands but also helps to build a community of passionate and adventurous individuals. We look forward to continuing to innovate and improve the travel industry for years to come.

THE PROMISE

We carefully curate a collection of the world's most amazing hotels, experiences and offers.

We build a place to be inspired, find, and book amazing experiences.

We are here for travellers who prefer to avoid the ordinary.

We are the local friend who connects you to hidden gems and extraordinary experiences - from local restaurants, to sights, artisans, and excursions.

We help you feel more connected to the local community and culture.

As you book, we listen and learn so that we can offer even more of what you love.

We make things simple and effortless - so you can be confident.

We help you discover the extraordinary.

OUR PARTNERS

Our partners are focused on offering the best of their world through their services.
